CONDITIONS OF SALE.

Please read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing within 30 days of the date of the sale.

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, THOMAS L. ELDER.

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. Our records are final.

Terms strictly cash. No time granted to anyone.

Priced Catalog of the sale for \$1.00, remittance in advance.

Be careful to bid on the right lot. We cannot be held responsible for such errors, or for bills rendered for lots bought in error.

Newcomers must send gilt-edged reference. It would expedite their bidding if new bidders sent us 25% of the amount of their bids in advance. Any not used will be returned.

Write Mr. Elder for estimates of value on any lots in this sale. He will endeavor to tell you how to make an intelligent bid.

Lots must be examined on delivery as we cannot make corrections after lots are taken out of the office.

We keep two sets of books. Our records are final and records of those in the room will not be binding on us. We hold we cannot make a mistake in the record.

Attend this fine sale in person if possible. The some 750 Lots of U. S. Cents will attract wide attention, and this is why we are issuing a priced catalog of this special sale.

We have in this sale the best 1799 and 1804 Cents we have ever offered we believe. Two of the eagle cents of 1856 are the best and cleanest proofs we have met with and should bring a record price.

The Half Cent Collections are noteworthy. There are two, one of "An Important Collector," the other made by the late Dr. George Ross. Every date of half cent and nearly all known varieties are listed, with duplicates of big rarities in this sale.

Don't Miss the Fine Gold Dollar Collection, which is complete as to the Philadelphia Mint.

Some Rare Gold in this sale, from \$20 down to Dollar, Rare and choice Half and Quarter Eagles especially.
